

Reasons Why Travellers Love Collette Product

-  **Fewer One-Night Stays**
We offer fewer one night stays and **more 2 - 3 - 4 night stays**. We believe time is best spent in destinations, not driving between them.
-  **Best Value in Touring with 4-Star+ Accommodation**
Ranging from **3-5 Star accommodation based on destination**.
-  **Most Inclusive Tour Operator**
Includes both the must-sees and also unique local experiences - not one or the other.
-  **Product Designed for Travellers by Travellers**
Collette destination experts handcraft and **personalise your traveller's experience**.
-  **Balance & Choice on Tour**
Collette travellers get to customise their experience with **an average of 2-3 included choices** allowing greater immersion into each destination at no additional cost.
-  **Culinary Immersion**
Travellers dine at local restaurants unique to each region unless they are staying in a Villa, Castle or iconic hotel where they would absolutely want to dine in-house. This includes cooking classes and home hosted meals.
-  **Location, Quality & Uniqueness of Accommodation**
Travellers can enjoy a castle stay in Ireland & the UK, stay in a picturesque villa in Italy, overnight in a glass igloo in Finland, cruise in a private yacht around Croatia and an Expedition ship through Patagonia. We do not compromise on hotel quality or accommodation.
-  **Transportation Unique to the Destination**
Travellers can ride on a tuk-tuk in Southeast Asia or a jaunting car in Ireland.
-  **Best Tour Managers in the Travel Industry**
Our tour managers bring the destination to life with their knowledge and expertise.
